

HİDROMEK RANKS AMONG WORLD'S TOP CONSTRUCTION EQUIPMENT MANUFACTURERS

HİDROMEK, globally known manufacturer of construction machinery, ranks once again on KHL's Yellow Table. Accomplishing to enter Yellow Table for the seventh time, HİDROMEK is the first and only Turkish manufacturer that has ever ranked on the list.

KHL Group, which provides information to the whole world in respect of construction machinery and sets a reference for the whole industry, published "Yellow Table 2020" that specifies the largest construction equipment manufacturers in the world. The list is prepared by annual sales figures of companies. HİDROMEK ranks as the 50th on Yellow Table 2020.

"HİDROMEK STRENGTHENS ITS PLACE IN THE GLOBAL INDUSTRY"

HİDROMEK General Manager Ahmet Bozkurt said,

"We happily learned that HİDROMEK ranks on Yellow Table list one more time. I would like to extend my thanks to all of our team members, customers, dealers, suppliers, universities and organizations that we cooperate with and to all our friends who have contributed to this success. Our aim is to rank higher on Yellow Table in the upcoming years. With our R&D, design and production power, we strengthen our place in the global industry. Today, our machines operate in more than 100 countries on 6 continents. Expanding our dealer network that has widened to over 80 countries, diversifying our product range and meeting demands of our customers under one brand are determined as our main priorities. As before, we will continue working in the construction machinery sector with all our power."

ABOUT HİDROMEK

HİDROMEK, a globally known manufacturer of construction machinery, was founded in Ankara in 1978. The founder of HİDROMEK, Hasan Basri Bozkurt, started with producing attachments for agricultural tractors. This initiative was moved further in the following years and the first construction machine ever designed by Turkish engineers was produced. The product range was expanded in time, which led to the growth of HİDROMEK. Today, HİDROMEK has around 2000 employees. Backhoe loaders, hydraulic excavators, wheel loaders, motor graders and soil compactors are manufactured in six production facilities including 4 factories in Ankara, 1 factory in İzmir and 1 factory in Thailand. The new production facility located in an area of 1.4 million m² in Ankara has been continuing.

HİDROMEK, whose machines work in more than 100 countries on 6 continents, performs the management of international authorized dealers and provides sales and after sales services through international sales and after sales service centers such as HİDROMEK WEST in Barcelona, Spain, HİDROMEK RUSSIAN in Krasnodar, Russia and HİDROMEK JAPAN in Sagami-hara, Japan.

Creating the difference in design of construction machinery, HİDROMEK has crowned its accomplishment with many awards. As of today, HİDROMEK is the winner of totally 20 design awards, which are internationally prestigious.

HİDROMEK is the first and only Turkish machinery manufacturer which is on the "Yellow Table" list of media institution KHL Group, which provides information to the whole world in respect of construction machinery and sets a reference for the whole industry, and the list contains the largest construction equipment manufacturers in the world. Taking place on "Yellow Table 2020" as well, HİDROMEK is on the list for the seventh time.

As per figures declared by IMDER (Türkiye Construction Equipment Distributors and Manufacturers Association), HİDROMEK has been the market leader in Turkey for the past 11 years for backhoe loader sales, for the past 8 years for excavator sales, and for the past 2 years for motor grader sales.
